## Forsyth

FORSYTH, the county seat of Taney county, is beautifully and centrally located at the junction of the sparkling waters of the South with the swift and crystal current of beautiful White river. The site is ideal, and the little, well built and well painted city, fastened at the foot of the waters like a gem at the throat of beauty, while the wooded ridges flank in every direction the central figure, all form a picture which lingers long in the memory of the visitor—and he usually comes back to refresh the picture.

The great Presbyterian church is now building here its college for southwestern Missouri and northwestern Arkansas, making of Forsyth a prominent college town. The fact that Forsyth donated a forty-acre site and over five thousand dollars toward the establishment of this school sufficiently indicates the attitude of our people toward the higher education. The fact that the committee representing the church has acquired an additional 120 acres of land affords some clue to the magnitude of the plans of the church. It is proposed to spend \$20,000 on this school plant, which will open January 1, 1907.

We have a good graded school, a neat stone chapel open to all churches, a well supported union Sunday school, daily mails from all directions—in short, more advantages than many a more populous and wealthy community.

Well equipped mail and hack lines, with headquarters here, give daily connection with the fringes of the country, and the White River line of the Missouri Pacific, at Branson.

Most lines of business are represented, including general merchandise, drugs, millinery, hotels, livery, lumber, meat market, undertaking, printing, painting, milling, blacksmithing, carpentry, shoemaking. We have an able and sufficiently numerous corps of lawyers, a good physician, and real estate men enough.

We need a resident dentist, a furniture store, a hardware store, a wood-working factory to utilize our native woods, and various other enterprises can find or make good openings.

## Happily Wedded.

A quiet home wedding was solemnized in Forsyth about two o'clock Monday afternoon. Mr. Lee N. Sperry, of Springfield, and Miss Monta McManus, of this place, were the high contracting parties, and Dr. F. V. Baldwin the officiating minister, the ceremony taking place at the home of the bride's parents, Mr. and Mrs. R. B. McManus. Only a few neighbors and friends were present to witness the happy event.

It has been suspected for some time that something of the sort was about to happen, as Mr. Sperry had been "prospecting" with considerable regularity and frequency, but still it came so sudden after all. Monta is one of the good girls of Forsyth, an excellent musician, and a young lady whom we shall greatly miss. The Republican wishes Mr. and Mrs. Sperry all happiness and prosperity.

## White River.

Roll on, White river!  
Roll on, noble stream!  
How oft will we see thee  
By night as we dream.  
There the bison and beaver  
For long had their stay;  
When the white man invaded  
They all passed away.  
Thy swift-running waters  
In Missouri, we know,  
Will drive fast the spindle  
And big dynamo.  
Your bright, sunny banks  
Forever be green,  
While gaunt old White river  
Rolls down there between.

## The Best Pills Ever Sold.

"After doctoring 15 years for chronic indigestion, and spending over two hundred dollars, nothing has done me as much good as Dr. King's New Life Pills. I consider them the best pills ever sold." writes B. F. Aycock, of Ingleside, N. C. Sold under guarantee at O. C. Huston's drug store. 25c.

## County Singing Convention.

The County Singing Convention will be held at the Pleasant Hill school house, about two miles south of Forsyth, the second Sunday in July, 1908. All singing classes are requested to be represented by at least two delegates.

Every one who is interested should attend this convention. A good time is expected.

W. F. HENSLEY, Pres.  
M. E. BIRD, Sec.

## Money in Berries.

The Cotter Courier tells how a Miss Loughbridge made money in strawberries. Last year, without previous experience, she put out a half acre to that delectable fruit. This year she picked her first crop of fruit, which she sold in Cotter for \$129.45, which, after deducting all expenses, left her a net profit of \$95.10. The Courier very pertinently asks: "How many farmers in Baxter county who persist in planting cotton can show any four acres they have ever grown that has yielded them the profit that Miss Loughbridge realized from the half acre of berries?" And there is not a item in the problem which does not apply as pertinently in Taney county as in Baxter county Arkansas.

Meers, G. L. Cook, E. A. Matthews and W. F. Clark, of Searcy, were in town last press day and watched the wheels go round in the printery.

## Chin Music.

All prints at 6 1-4 cents at C. E. Jennings', southeast corner square.

Dr. Mitchell reports Lem Wilson, of Taneyville, very ill with appendicitis.

Mr. and Mrs. A. H. Parish departed the first of the week to visit relatives in Polk county.

The Kisco Mills section of the Hughes-Kisco real estate machine was in town early Monday morning.

Mrs. Lucy Selvidge, formerly of Little Rock, Washington, now receives her Republican at Tanawater, that state.

LOST—Between Forsyth and Hilda, via Kisco Mills, a gray overcoat. Finder will please return to Dr. G. B. Mitchell, Forsyth, and receive reward.

A large attendance is reported at the Swan township Sunday school convention at Kisco Mills last Sunday. The Forsyth school was well represented. A very interesting meeting is reported.

J. M. Sullenger and his better fraction are making weekly visits to Forsyth to take medical treatment of Dr. G. B. Mitchell, Liveryman Caudel providing the transportation.

Dr. Huston reports numerous cases of dysentery and flux, including "Daddy" Smithson, and Judge Craig, of Walnut Shade. The case of Father Smithson is quite serious. Mrs. Joslyn, who has been very ill for some time, is improving.

It is suggestive that Dr. Huston made a trip out of town the day the family was moving into their new quarters in the Weatherman building, over the drug store—but of course it may have been only a coincidence.

When you know anything Republican readers would like to know call up the office, thus: —, and tell us all about it. You will oblige the paper, the neighbors, and Republican readers all over the county.

Among the Forsyth people attending the Sunday school convention at Kisco Mills Sunday were Mr. and Mrs. H. R. Aubrey, Mr. and Mrs. D. F. McCook and daughter Francis, and Mr. and Mrs. Jerry Franklin and daughter Alice.

Forsyth will hold a two-days celebration of the "Great and Glorious," July 3 and 4, at the Cole Spring on the Wm. Gibson place, and a great time is planned. Ground rights and privileges will be sold in Forsyth Saturday, June 20. Watch for large bills.

R. T. Gardner, who was seriously injured sometime ago by falling over the river bank back of his house, has so far progressed on the way to recovery as to be able to sit up in bed. The broken bones have set, and he is well on the way to recovery.

Judson Adecock writes from Saint John, Kansas, to say that wheat in that section is fine, that harvest will begin about the 20th instant, and that wages will probably be \$2.50 a day. He adds that he hopes to see a goodly number of Taney county boys in the fields tiking in those dollars.

J. G. Ridenour, of Rueter, who has been employed at Reed's Spring for several months, was in town Monday on his way home. He reports the tie business at the Springs very dead. He expects to go to Kansas in a few days to help to take care of the usual big wheat crop in the Sunflower state.

Miss Sallie Sharp, of Golconda, Ill., and Mrs. Ida Slesser and her little daughter, Hallie, of Carversville, Kentucky, arrived Friday evening and visited until yesterday morning in the pleasant home of their brother, Attorney C. B. Sharp. Brother and sisters had not met for seventeen years, and it can go without saying that they made good use of the time.
